

Order number: 2120000003

Open text field 1:

- For connection of cable shields to the potential equalisation. The components are not dimensioned to withstand lightning current and may therefore only be used for potential equalisation
- Screening factor: > 90 dB
- Remote feeding max.: 65 V/2 A
- The angle has a recess on the base for the cable gland and professional cable installation; Wall mounting

Hersteller: Kathrein

EMU 50

Product information "EMU 50"

F-type potential equalisation, 5-way - F
bushing socket with earth terminal -
Screening class A - Remotely feedable:
Max. 65V/2A

Type:	EMU 50
Order no.:	2120000003
Remote feed max.:	65 V/2 A
Screening factor:	> 90 dB
Packaging unit/weight:	5 (50)/0.14 pc/kg
